The Northwest Arkansas Genealogical Society, whose goal is to gather, preserve, and perpetuate records of our pioneer ancestors, presents our seventh volume of Benton County cemetery records. This volume is the City of Rogers cemetery only.

The N.A.G.S. takes no responsibility for the authenticity of the following pages. We strived for accuracy, but some of the stones are very dim and there is always a chance for error, both in copying and in transcribing. The handwriting in the old cemetery records book is some times difficult to read.

The people using this volume of the cemetery records might be interested in knowing that it was read by Verba Jo Pearce and Gail Scott (two veteran readers) in a period of one week in April, which included two days of blistering hot sunshine which gave them a colorful sunburn and some ticks, and one day of tornadic weather in our beautiful Ozarks. The sirens warbling a "tornado warning" and a downpour of rain sent them to the car for a short period. As soon as the rain stopped, the girls continued reading the stones, even though a "tornado watch" was still in effect. And this on Verba Jo's birthday!!!!!!

We are nearing completion of our project to record all the cemeteries in Benton County. We would appreciate any corrections or additions.

To all our volunteers - THANKS.

THE LIVING

You will praise him when he's gone;
When his earthly struggle closes
You may send the florist's roses
His dark bier to lie upon;
When he cannot hear or see
You will very friendly be,
But 'twere better far, he'd vow,
If he had your friendship now.

You will speak about his worth;
When he has no need of fame,
You will glorify his name
When at last he quits the earth;
And if he should die today,
Many kindly things you'd say,
But I wonder why do men
Always seem to wait till then?

When the frost is on his cheek
And his hands lie still and cold,
All his good deeds will be told,
Those who're silent now will speak;
When at last his journey ends
He will pass through lines of friends.
But today he musn't know
That his neighbors love him so.

Draw up, friends, on either side
For the man who lives today!
Smile at him and smooth his way,
Let the line be long and wide,
As your praise of him he said
As you would if he were dead,
Make his living march as fine
As shall be his funeral line.

1882 CITY ORDINANCE PROVIDED FOR PURCHASE OF CEMETERY LAND.

During the first two years after the location of the town of Rogers, all burials here were made in church or private burial grounds of the older families in this section.

The need of a city cemetery was realized at an early date and the second ordinance adopted by the Rogers council and dated October 4, 1882, created a cemetery. It is signed by Mayor A.J. Allen and Recorder F.A. Berryhill.

The ordinance provided for the purchase of a five-acre tract from J. Wesley Stroud at a cost of \$20 an acre, and its division into lots at the earliest possible date. The sale of the lots was to be under the direction of a special council committee, which was to fix the price. All proceeds from sale of lots were to be applied to purchase the price of the tract, and thereafter to the improvement of the cemetery.

The five-acre tract is now known as the "old cemetery" and comprises the lots just west of Highway 71, off Eighth Street between Pine and Oak. As nearly as can be estimated, the cemetery now includes around 20 acres, and all expansion has been to the west of the original tract.

Checking from the cemetery plat as it has been drawn from the original records, it is found that the lots on the south edge begin with No 10 (L.C.Hooker). Continuing to the southeast corner, the owners as shown were H.M. McGaughey, J.W. Price, Duvall, Wesley Gregg, E. Morgan, F. Saunders, J. Huffman, J.R. Dalton, Moss Kelley, J.L. Horsley, A.J. Smith, R.M. White, J.P. Boardman, J.H. Polis, H.Y. King.

ROGERS CEMETERY

Located on Highway 71 South in Rogers City limits.
Copied by Gail Scott and Verba Jo Pearce in April, 1976.

The cemetery is divided into numbered SECTIONS with arrows indicating the direction each SECTION was read. On SECTIONS 1 and 2 only, dotted lines (indicating grass aisles) separate SECTIONS lettered A through Z-4. Squares marked M are small tombs or mausoleums. Tombstones may be located by using the INDEX for the name and page number; noting the SECTION, then referring to the SECTION number on the map. More than one of the same surnames may appear on the same page. There are a number of rocks, sandstones, and broken illegible stones to indicate graves. Some graves are unmarked.

The City of Rogers gave permission to the Northwest Arkansas Genealogical Society to photocopy some old cemetery records for the period 1890 - 1918. The original records were then donated by the City of Rogers to the Rogers Historical Museum.

Many of the records have only the name of the person who purchased the burial lot. Others have the name of the deceased and the name of the lot owner. A few photocopies are reproduced in the beginning of this book.

The following is a list of surnames found in these old records that were not found in the reading of the stones in the Rogers cemetery.
